

CALL FOR PAPERS

Special Issue on MATHEMATICAL APPROACH TOWARDS RECENT INNOVATION IN COMPUTATION AND ENGINEERING SYSTEM (MATRICES 2019)

Guest Editor

Dr. S. Vaithyasubramanian, PhD
Sathyabama Institute of Science and technology, Chennai, INDIA

About the Issue

IIOAB Journal (www.iioab.org) that is indexed in ESCI of WOS is inviting article for a special issue on Mathematical approach towards recent innovation in computation and engineering system (MATRICES). Mathematical modelling is the art of translating problems from an application area into tractable mathematical formulations whose theoretical and numerical analysis provides insight, answers, and guidance useful for originating application. Expected contributions call upon a wide range of novel Mathematical modelling as well as algorithmic, theoretical, and computational frameworks. This special issue welcomes papers from all the areas which are related to the proposed topic.

Subject Coverage

Suitable topics include, but are not limited to, the following: Models focusing Engineering and Technology development using

- Combinatorics
- Discrete Structures
- Fluid Dynamics
- Formal Languages
- Fractal Geometry
- Functional Analysis
- Fuzzy Logic
- Graph Theory
- Inventory Models
- Network Security
- Optimisation Techniques
- Petri Net
- Stochastic Process
- Time Series Analysis

Important Dates

Submission deadline	: September 30, 2019
Reviews and author notification	: October 20, 2019
Final revision and camera-ready version	: October 31, 2019
Publication	: Nov - Dec 2019

Guidelines for Submission

For details, refer "Instruction to the Authors" at: <http://www.iioab.org/guideforauthors.htm>.

Plagiarism Policy:

The paper prior to submission should be checked for plagiarism from licensed plagiarism software like Turnitin / iAuthenticate etc. The similarity content should not exceed 30% and not more than 7% from any single source (in any case either self-contents or others). Further, the following ethical guidelines for publication should be strictly prohibited.

- Any form of self-plagiarism or plagiarism from others' work(s) should not be there in an article. If any model / concept / figure / table / data / conclusive comment by any previously published work is used in the submitted article, should be properly cited
- In case, any copyrighted material is used, prior permission from the copyright holder should be acquired.

Publication Cost

As IIOABJ is an Open access Journal, there will be a cost to authors for publication. This this special issue the cost will be asked to authors only for formatting and processing of the articles.

How to Submit

To submit an article to this special Issue, please send the manuscript to the guest editor at: svs.maths@sathyabama.ac.in AND copy (cc) to journal.iioab@gmail.com . Please mention that the submission is for special issue "**MATRICES 2019**" in the subject line of the email and in the cover letter.
